

## **Helpers Orientation Day**

**By Mr Henry KWOK**

To engage with and encourage young members to participate in the Institution's activities, the YMC organised the captioned event on 7 September 2024, to great success. The primary objective of the event was to bring together existing helpers, introduce new faces who just joined us as helpers, foster connections among participants, build team spirit among them, and familiarise everyone present with the development and operations of the YMC.

As the YMC's 40th Anniversary approaches, we are planning a number of special events to celebrate the special occasion. Since our helpers are undoubtedly an integral part of the YMC and are vital for how the celebration will be conducted, we felt the need to engage with them and explain our plans in some detail.

The Chairperson of the YMC, Ms Keiko KAM, kicked off the Day with some energetic welcoming remarks and introduced the numerous exciting events for the year ahead. Her remarks were followed by an ice-breaking session, during which our participants quickly introduced themselves to each other. Then our human resource group coordinator introduced the history, organizational structure, and aims of the YMC. Different working group coordinators were also present to introduce the aims of their various working groups and their planned events for the year.

Before the end of the Orientation Day, a mingling session with refreshments was held. Our YMC helpers took this opportunity to chat freely among themselves and contribute ideas on the future of the YMC.

The YMC is still recruiting new members to help organise a wide variety events for the Institution. If you are passionate about meeting new friends and serving our members and the Institution, please do not hesitate to join us as a helper.
