

# THE HKIE JOINT INSTITUTES COMPETITION

**HIGH GEAR FOR NEW TECHNOLOGY  
A MINDSET FOR CHANGE**

## Theme

Participating teams should propose a feasible high technology idea or solution in any engineering discipline, in order to eliminate an existing problem or improve our quality of living.

## Competition Format

Contestants should develop innovative ideas and engineering solutions using high technology in any engineering discipline. The competition comprises the heat and the final rounds.

## Eligibility

All Student Members of the HKIE are eligible to participate in the competition free of charge. Contestants should form a team of 3 to 5 members. Students are encouraged to form a team composing of different disciplines. Each student can only participate in one team.

HKIE membership application form is available on the HKIE webpage:
